Are Made Before Supreme Court
and Decision May Be Given
December 8th

(By Associated Press)
Washington, Nov. 21—Arguments on the constitutionality of war time prohibition and the Volstead enforcement act, were completed today in the Supreme Court. No indication was given as to when a decision will be rendered, but officials said they will not be surprised to see the cases decided December 8th, owing to their importance.

President Wilson will make no move to rescind the war time prohibition act until peace has been declared formally, it was stated officially at the White House.

COAL OPERATORS MAKE FINAL OFFER TO MINERS

(By Associated Press)
Washington, Nov. 21—The bituminous coal operators served what was practically an ultimatum on the coal miners' representatives here today, telling them yesterday's offer of 15 cents a ton and 20 per cent a day wage increase was the utmost that could be given. The miners went into conference immediately to consider the offer.

There was considerable doubt whether the proposal would be accepted. Before entering the conference Acting President Lewis reiterated that the operators' offer is inadequate and unacceptable. Prior to the morning conference Lewis indicated it would be given further consideration by the miners if it could be enlarged to cover details of working conditions and allowances for dead work but at the conclusion of the conference he said the miners had reached an agreement and would go into a joint conference with the operators this afternoon with no definite response to the operators' proposal.

MORROW BEGINS TO SHAKE PLUM TREE

George Stevens, publicity manager for the Kentucky G. O. P. campaign, will be named secretary to Governor Edwin P. Morrow, it became known today. Major J. W. Deweese, late of the U. S. Major Deweese for years was associated with the Kentucky National Guard, and at the outbreak of the war went directly into army service. He recently was mustered out of service. He served for a number of months as instructor in the national army.

Evidently Doesn't Like It

(By Associated Press)
Charleston, W. Va., Nov. 21—Replying to a suggestion of Gov. Harding, of Iowa, that the states take over and operate the coal mines closed by the strike, Gov. Cornwell today wired "It probably will be welcomed by radical leaders who planned the coal and steel strike and expected a general strike to put them across."

ARMY HEADS FIGURED ON INVADING MEXICO

But Estimate of Three Years Ago
Wouldn't Be Required Now,
Says Department

(By Associated Press)
Washington, Nov. 21—State Department officials discussing the Mexican situation today disclosed that three years ago the Army General Staff estimated an army of 450,000 and three years time would be required for complete intervention in Mexico by the United States. Officials did not say what the present estimate of the General Staff was, but it is understood it would be less than that prepared before the world war, due to development of new instruments of warfare and the enormous increase in American war material, especially motorized transports, airplanes and artillery.

Discussing the case of American Consul Agent Jenkins, officials said because of the Mexican government's laxity in trying to put down the revolution it failed to give proper protection to Jenkins and consequently he might have grounds for a claim against Mexico for the ransom money paid his bandit captors.

MADISON MAN BUYS FINE FAYETTE FARM

The sale of several small blue grass farms on the Richmond and Lexington pike, by C. E. Buckley and B. F. Buckley and Bolivar Bond, was very successful. The best price was obtained for the Roger E. Early farm of five acres about five miles from Lexington. Sam Downing, of Fayette, bought it at \$5,000, or \$1,150 an acre. The John Will Denton farm in the same neighborhood, sold at \$340 an acre for approximately 75 acres. J. T. Denon was the buyer.

The Heard place, owned by Mrs. Annette V. Pettit, on the Delong pike, seven miles from Lexington was sold in two tracts. About 100 acres sold for \$274.50 an acre and the second tract of about the same size sold for \$210 an acre.

Another farm belonging to the Early family and known as the R. E. Early place, also on the Delong pike, consisting of about 8 acres, was sold for \$276 an acre.

The Cruse place on the Jack's pike, nine and a half miles from Lexington, was sold by Wm. Pettit, of Lexington, in three tracts as follows: W. H. Trowbridge of Fayette county, bought one tract of 35 acres for \$150 an acre and another of 30 acres for \$231 an acre; T. J. Smith, of Madison county, and son, Joe, purchased the third, containing 30 acres for \$331 an acre.

Garrard Land Sells Way Up

All records for Garrard county sales were broken when T. O. Hill sold 75 acres of unimproved land near Buckeye, that averaged nearly \$400 an acre. The farm was sold in six tracts, one tract going to Freeman Davis for \$510 an acre. Talton May got one tract of 16 acres for \$335 and acre. George Hall a small tract for \$501 an acre and another one that averaged \$405 an acre. Claude Sparks 22 acres at \$367 an acre. This land contained practically no improvements, but is considered, some of the best tobacco land in that county.

Casper, Wyoming, Nov. 21—William Carlisle, alleged train bandit, walked into the Western Union office yesterday while scores of heavily armed men searched the surrounding county for him, and sent a telegram to the Union Pacific Railroad office in Cheyenne.

In the message he thanked the railroad for the money he obtained from passengers on the Los Angeles, Limited, whom he held up when near Medicine Bow Tuesday night.

The message read: "Union Pacific, Cheyenne: 'Many thanks for haul on your limited. Some detective force.' Carlisle was dressed in a soldier's uniform, Western Union officers said."

FIRST HEARING ON BRIDGE CASE FRIDAY

Attorneys Ask Injunction To
Prevent Further Collection
of Toll At River

In order to secure if possible, free passage for the public across the Clay's Ferry bridge on the Richmond and Lexington road, as quickly as possible, attorneys representing the Fiscal Court of Madison county in the suit it brought the other day against the bridge company, Friday asked Judge Shackelford for an injunction to prevent the further collection of toll at the bridge.

"As Judge Shackelford is out of town in court in Winchester, next Friday morning was set as the time for hearing the application for the injunction."

Much interest naturally has been manifested in this suit, and its outcome will be eagerly followed.

YOUNG MAN HELD IN GRAND LARCENY CASE

* Taylor Hurst, a young man, about 20 years old, was held to the grand jury, under \$200 bond in county court Friday morning, on a grand larceny charge preferred by Charles Keeton, of this city. His bond was fixed at \$200 which he was unable to give, so he went to jail to await circuit court. Hurst, formerly boarded at the home of Keeton and when he left it is alleged that he took a suit of clothes and a pair of shoes belonging to the young man. Hurst was arrested in Jessamine county and brought back here for trial. He declined to have the services of an attorney and offered no plea in county court.

OLDHAM MAY BE A CANDIDATE

For Congress In 7th If Cantrill
Tries For Senate And Cohen
Is Only Opponent

Col. Ronald C. Oldham was over from Winchester, a short time on business Thursday, and many friends inquired his intentions regarding his prospective candidacy for Congress in the seventh district in the event that Congressman Cantrill makes the race for the U. S. Senate.

Col. Oldham said that the first he had heard of such a thing was the mention that some of his newspaper friends have been making of the matter. He said, however, that in the event Congressman Cantrill does make the race for senator, and Mat Cohen is the only candidate announced for congress, in all probability he will make the race against him.

Col. Oldham made a phenomenal race for the democratic nomination for lieutenant governor, and was barely nosed out in an eye-lash finish. He has a splendid organization of friends in the seventh district to start with and should he become a candidate for congress, would have a big following to start with.

Cantrill Won't Oppose Beckham

Announcement has been made at Lexington that Congressman J. C. Cantrill has made known in a letter to State Commissioner of Agriculture Mat S. Cohen, that "under present conditions he is not figuring on entering the race for the United States Senate" and that it is his purpose to stand for renomination and reelection in 1920 as representative from the Seventh Congressional district. This will subside reports that Senator J. C. W. Beckham will be opposed next year for renomination by Congressman Cantrill.

Richard C. Stoll's statement in Washington that Judge Charles C. Kerr, of Lexington, will be a candidate for the republican nomination for United States Senator met with no confirmation from Judge Kerr himself. He is making no announcement of his intentions, but his friends aver that he is not averse to the nomination if a party contest could be avoided.

Strode Will Case Contested

Illness of Mrs. Irene B. Strode, defendant in a suit filed by W. D. Strode, against the authenticity of the will of J. W. Strode, under which she is executrix prevented further progress at Lexington Thursday. Judge Charles Kerr continued the case until December 2. The suit was brought to contest the probated will of J. W. Strode, husband of Mrs. Irene B. Strode. Approximately \$50,000 is involved.

DAUGHTER HAD TO QUIT WORK MOTHER SAYS

Inactivity Would Have Lasted Longer. Had Not Trutona Brought Aid

Louisville, Ky., Nov. 20—Because it has relieved her daughter of troubles which kept her from her work for five long months, Mrs. Josephine Brown, a well known Louisville woman of 721 Washington street recently made the following interesting statement regarding Trutona, the perfect tonic:

"My daughter has been suffering with stomach trouble and nervousness for several months. In fact, the trouble became so severe that she couldn't work for five months. It seemed that everything she ate would sour in her stomach, causing gas formations and a bloated feeling. The gas seemed to form around her heart, causing her much pain. "My daughter's nerves were so numbing that she could hardly sleep at night and she would get up in the mornings almost as tired as when she went to bed. But Trutona has steadied her nerves and she's at last able to rest well at night. This medicine has relieved her of the indigestion, too, and her bowels are regular now. We think Trutona is a great medicine."

Trutona is now being introduced and explained in Richmond at H. L. Perry & Son's.

RECORD SHEEP PRICE AT SANT OLDHAM SALE

Uncle John Shearer was on the block and kept things moving. A big crowd was present. A pair of aged mules brought \$275, a harrow bought for \$35 sold for \$35, a section harrow, after five years' use, brought the original price, \$15; one Old Hickory farm wagon, bought seven years ago, for \$69 sold for \$89; a set of wagon harness purchased of Mr. Pickels, three years ago for \$22, was divided up and brought \$12.

BRAVERY MEDALS FOR Y. M. C. A. WORKERS

(By Associated Press)

Detroit, Nov. 19.—Medals for bravery and devotion on the war fields of France or elsewhere will be presented to eight Young Men's Christian Association workers in the fortieth international Y. M. C. A., convention which opened here today. Award of these medals was made some time ago. The presentation will be made before an audience of 5,000 delegates from Canada, the United States and its island possessions.

The golden cross of officers of the Royal Order of the Redeemer will be presented to Elwood S. Brown, head of the Y. M. C. A. athletic work in France; and Wilbur A. Reynolds, of Detroit; athletic worker with the 5th and 6th marines, part of the Second division of the United States army. These crosses were conferred on them by King Alexander of Greece in recognition of their work with the Allies armies.

French war crosses awarded by Marshall Petain for courage and gallantry under fire will be presented to Richard G. Shreve, Rochester, N. Y.; Carl D. Lytle, North Brookfield, Mass.; Rev. J. Mandeville Barker, Uniontown, Pa.; Thomas W. Wilber, New Britain, Conn.; W. R. Farmer, Pittsburgh, Pa.; and Rev. Mercer G. Johnson, Baltimore, Md.

Leaders in industry, education and the church will participate in the convention. How to make the Y. M. C. A. an agency for keeping young men in country districts where they can help to produce the food of the nation and the world is one of the important questions for consideration. This will be discussed by Colonel Clarence D. Ousley, Assistant Secretary of Agriculture, who will endeavor to explain how to make country life attractive.

Other questions to be considered include old age pensions for paid workers of the association, for which it is proposed to raise \$3,740,000, extension of the association to other lands; possibility of employing women secretaries; stabilization of the men in industry; stamping out of Bolshevism; assimilation of the men of the armies into civilian life, and similar problems. The work of Americanization in industrial centers, including the use of moving pictures in the plan, also will be given attention.

The convention is to close the evening of November 23 with 50 evangelistic meetings in churches of Detroit.

WILSON TO DISCUSS TREATY IN MESSAGE

At Regular Session Of Congress
But Will Say Nothing Before
Then About Rejection

(By Associated Press)
Washington, Nov. 21—President Wilson will take up the whole subject of the Versailles treaty in a message to congress December 1st, it was stated officially today at the White House. Until then he will have nothing to say concerning the senate's action in defeating ratification.

Before Congress convenes, it was said, administration Senators will confer and possibly the republican mild reservationists will participate with a view of working out an acceptable compromise on reservations.

To Ratify It At Paris Dec. 1

Paris, Nov. 21—The supreme council today agreed on December 1st as the date when the German peace treaty will be formally ratified.

U. S. Has No Part In It Now

Washington, Nov. 21—The Supreme Council's action fulfilled the expectation of administration officials, who believed after the American Senate failed to ratify the treaty Europe would not wait longer. The effect of the promulgation of peace, the State Department holds, will not directly affect the legal status of the war between the United States and Germany but will mean the important work of rehabilitating Europe will not be participated in by this country. Besides bringing the League of Nations, formally into existence, the event will bring into force the prodigious list of obligations which must be performed by Germany.

Repeal Dry Laws, Then!

Chicago, Ill., Nov. 21—In an address today before the American Institute of Actuaries, H. W. Buttolph, of Indianapolis, who has devoted years to the study of life insurance, made these observations:

"That thin persons live longer than fat persons."

"That the moderate use of alcoholic beverages is not likely to lessen life."

"That the Middle West is the most beautiful locality of the United States."

"That the extreme South is the most unhealthy section of the United States."

We rather hope that Circuit Judge Kerr, of Lexington, does become a candidate for the Republican nomination for U. S. Senator next year. We'd like to see this "non-partisan judiciary" innovation tried out somewhere in Kentucky, and know of

no more appropriate place to put it on than the capital of the Blue Grass.

The Lexington Leader says that blame for the defeat of the peace treaty is at the door of President Wilson. That's what its editor would like to make people believe. A very great many, however, lay the blame solely to the personal prejudice and hatred of Wilson by a certain element, like Lodge, Borah, Reed, Johnson and Penrose in the Senate, and typified in this section by the Lexington Leader. Many of this

class had almost perferred to lose the war—and now seem willing to forego the benefits of victory—rather than that Woodrow Wilson should have aught of honor or part in their attainment and realization.

VALLEY VIEW CHURCH DOUBLES ITS QUOTA

Valley View, Nov. 20.
A 75-million campaign meeting was held at Valley View Baptist church last Saturday night and Sunday. Dr. O. O. Green, of Richmond, spoke Saturday night and Dr. J. G. Bow, of Louisville, spoke Sunday and Sunday night. Dr. Bow took subscriptions for the 75-Million movement which exceeded \$1,100 and there are several members who will give liberally, who have not been solicited yet. The subscriptions bid fair to go to \$1,500 before the campaign is over. The apportionment for this little church was only \$500.

The good people of this church and vicinity are to be highly commended for the very liberal way in which they have supported this great movement. They love Jesus and are willing to make a sacrifice for Him. Though one of the youngest and weakest churches in this Association, it has set an example to many churches in supporting the campaign. This little church has grown in leaps and bounds in the last few years and is now talking of half-time preaching. It is reasonably sure to call the next pastor for half time, the call to be made some time in December.

Beautiful Wedding of Wednesday

The marriage of Miss Dazey Moore Porter to Captain Thomas Bullitt McCoun, of Mt. Sterling and Frankfort, was solemnized on Wednesday afternoon at 5 o'clock at the home of the bride's father, Mr. Wm. Joseph Porter in Lexington, Rev. I. J. Spencer officiating.

The wedding music was played by Mr. Sidney Freeman, violinist, Mrs. Moberly at the piano, and Mr. Bryson with violoncello.

The house was decorated elaborately and beautifully with draperies of Southern smilax over all the doorways, windows and chandeliers, palms ferns and many white chrysanthemums, an altar being arranged in the library, between the two front windows, of a pyramid of the plants, festoons of the smilax, white pedestals holding tall white cathedral candles and willow vases of long-stemmed white chrysanthemums.

The bridal march from Lohengrin, was played for the entrance of the wedding procession, first the bridesmaids, Mrs. Wm. Walter Taylor, of Chili, South America; Misses McCoun of Mt. Sterling, sister of the bridegroom; Elizabeth Hagan, of Richmond, Ky., the bride's cousin, and Miss Helen Bunister, coming down the stairway carrying white satin ribbons through the dining room to the altar in the library, forming an aisle along which advanced the maid of honor, Miss Eunice Katherine Shouse, the bride's cousin, with the bridesman, Mr. Than Rice, of Providence, Ky., and then the bride, escorted by her father, who gave her in marriage. At the same time the bridegroom with the best man, Mr. William S. Calkins, of Rochester, N.

Y., entered from the front hall meeting the bride at the altar where the impressive marriage service was said, the troth being plighted with a ring.

The bride never looked more lovely than in her bridal gown, her mother's wedding dress of white brocaded satin with margo lace overdress, trimming of ropes of pearls and the same veil of fine white silk net worn by her mother, fastened to her hair with coronet of orange blossoms and falling to the hem of the brocaded satin train. The dress was also trimmed with orange blossoms. She carried a bouquet of orchids and white sweet peas. Her only ornament was a sapphire and pearl bar pin, the gift of Captain McCoun.

Little Louise Brondus, cousin of the bride, was trainbearer, and wore a frock of white with pink and blue ribbons.

The maid of honor was gown in orchid metal cloth with silver lace and carried orchid color chrysanthemums and the ribbon bearers wore gown in rainbow effect, Mrs. Taylor

Begy's Mustarine In Yellow Box Worth Its Weight in Gold

If you only knew the quick blessed relief Begy's Mustarine gives to sufferers from swollen painful, gnawing aching rheumatic joints and muscles you would get a box this very day.

Begy's Mustarine is the good old-fashioned mustard plaster brought up to date with other ingredients added and all the blistering qualities taken out.

It surely does stop neuralgia, neuritis, lumbago and rheumatism quicker than anything on earth.

Thousands of people who want quick action, use it when they are anxious to have chest colds, sore throat, tonsillitis, pleurisy and deep-seated coughs disappear over night.

Keep it in the house for many emergencies and especially in influenza, for during the last epidemic Begy's Mustarine did such valiant service that the retailer could not supply the demand.

Heat eases pain, and Begy's Mustarine contains twice as much concentrated non-blistering heat as any other preparation on the market.

It cannot blister, remember that, and be sure to get Begy's Mustarine in the yellow box.

Soft low music was heard during the ceremony and the Mendelssohn wedding march or the greetings and congratulations, after which a buffet supper was served. The bride and bridegroom left later for a trip to White Sulphur Springs and after a stay there will go on to Lexington and Richmond, Va., thence to Washington, D. C. They will be at home at the Crownwell in Frankfort where Captain McCoun is now in business. The bridal gifts made a handsome collection of silver, china, pictures, rugs, rare pieces of mahogany, etc., both being unusually attractive and widely popular.

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIFFS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

NATIVE OF MADISON DIES IN GARRARD

Mrs. Mary Garner, a native of Madison county, died at her home near Paint Lick last week after a lingering illness of several weeks. Mrs. Garner was one of Garrard's oldest, most highly respected and lovable women. She was the youngest daughter of Mr. and Mrs. Mitchell Shumate, of Madison county, (who were among the first settlers of Kentucky, coming here from Virginia.) She was born in Madison county, on November 30th, 1836, and had she lived until her birthday she would have been 83 years of age. On Sept. 20, 1859 she was married to John M. Maret, of Madison county, and to this union were born two children, Fannie S. Maret (Mrs. Jas. A. Scott) and Willie Lee Maret, all of whom preceded her to the grave.

They moved to Garrard county in 1865, at which place she made her home until the time of her death.

She was again married on Dec. 13, 1898 to George Garner, of Bath county, who is left to mourn her loss, together with her brother, Mr. Frank Shumate, of San Francisco, California, 11 grand-children, numerous nieces and nephews, and other relatives in Missouri, Illinois and California.

Mrs. Garner was a devout member of the Christian church. She was loved by both old and young alike, and will be sadly missed by all who knew her.

Funeral services were conducted at the home of Rev. Frank N.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color, 10c and 25c.

MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."
—Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming women's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

The time of the year has come for butchering hogs and our farmers will be glad to do the work as soon as possible as corn is high.

We are glad to have Mrs. Jas. Oldham and daughter, Mary, at home again after a four months stay at St. Sault Marie, Michigan.

Mrs. Ed Million, of Mississippi, has been visiting relatives and friends here and in Garrard county. Her many friends are glad to welcome her back for a visit after a two years stay in Mississippi.

Mrs. Gordon Burgin has returned from Mt. Jackson feeling more able to attend to her household duties than before.

We are sorry to say but there was a serious mistake in the number who voted for prohibition. At this place, our editor of the Register had 11 against liquor when it should have been 111 and 85 for it. We are sure he will be glad to correct this error. And we are sorry for those 85 who are so deceived by the devil to believe that it was best for them to have this great curse to living humanity.

Born in 1839 Dr. Caldwell Still in His Office Daily

(Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin.
Millions now use his famous prescription)

ALL physicians know that good health depends largely upon proper digestion and elimination, and that most sickness results from these causes. None knows this better than the "family" doctor, the general practitioner.

Dr. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not only small part of it, was his practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was graduated from Rush Medical College back in 1875, had found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in that year.

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescription is fortunately living to see its wonderful success.

Women, children and old people are the ones most benefited by Dr. Caldwell's Syrup Pepsin. It differs from physics in that its action is mild and gentle and free from griping. It does not weaken. And while it is promptly effective in the most obstinate case, it is safe for a tiny baby as it contains no narcotics.

Every drug store sells Dr. Caldwell's Syrup Pepsin at 50c and \$1 a bottle, the latter the family size and sufficient to last months. Keep a bottle in your home. Where many live someone is sure to need it quickly.

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839.
Began the manufacture of his famous prescription in 1892.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

LOCAL GIRL WINS MORE HONORS AT STANFORD

The many friends of Miss Cynthia Davison will read the following from the Stanford Interior Journal with interest and pleasure. It says: A large audience greatly enjoyed the evening of song at the Christian church Sunday night, and hope there will be many more such programs rendered during the winter. There were eleven popular hymns and before each was sung, Rev. H. J. Brazelton, the pastor of the church gave a brief history of them, the conditions that lead to the writing of them, the authors, etc. This was both interesting and instructive and Rev. Brazelton made a highly interesting story of each. Miss Cynthia Davison, who had charge of the singing, was at her best and her choir work and solos were par excellence. She was assisted by the members of the Christian church choir and a few from the other churches and all are deserving of hearty congratulation. Following is the program the rendition of which gave much pleasure to the many who heard it: Doxology, Choir and Congregation; "Jesus Savior Pilot Me," duet, Misses Davison and Wood; "Rescue the Perishing," Choir and Congregation; "The Ninety and Nine," Miss Davison; "It Is Well With My Soul," Misses Davison and Wood, Messrs. Raney and Bright; "Sweet Bye and Bye," Choir and Congregation; "Saved by Grace," Miss Davison, Mrs. Effie Banghan; "Till Mother I'll Be There," solo and quartette, Misses Davison, Joanna Ballou, Margaret Wood, Prof. Cancer Morris and Bright; "Just As I Am Without One Plea," Choir and Congregation; "Where Is My Wandering Boy," Miss Davison and Choir; "Blest Be The Tie That Binds," Choir and Congregation.

Clever.

"What makes you think Windyman's wife is such a clever woman? She never says anything particularly interesting." "No, but she always manages to monopolize the conversation so that her husband won't have a chance to make a fool of himself."—Boston Transcript.

When you are in perfect health and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired appetite, a feeling of lassitude and a general weakening

of the system. It is then that you should promptly take a few bottles of S. S. S., the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 50 Swift Laboratory, Atlanta, Georgia.

MME. STANLEY NEXT IN ARTIST CONCERT SERIES

The second of the Artist Concert Series for 1919-1920, will be given Dec. 3 at the Lexington Opera House by Madame Stanley, prima donna soprano, and Ellmer Zoller, pianist.

Two appearances of a celebrated star, in recital, within ten days, appearing in New York's two largest auditoriums, the Hippodrome and Carnegie Hall, with both recitals sold out houses, is an unusual occurrence even during these days of sensational events. Mme. Helen Stanley, the famous grand opera prima donna, not satisfied to rest on the laurels of singing to nearly six thousand enthusiastic admirers at the Hippodrome on October 25, when she appeared in joint recital with Josef Lhevinne, the Russian pianist, evidently wished to further prove that she could likewise bring her shining star thousands by her individual art, only transferring her followers to Carnegie Hall, which she filled to capacity on November 4, ten days after her first great triumph.

Mme. Stanley's success, aside from the vast audiences who paid homage to her appetitive singing, may be best estimated by the universal praise expressed by every reviewer of music writing for the New York press. These writers were so laudatory in proclaiming the art of Mme. Stanley that the entire gamut of adjectives were called into requisition, making each description of her remarkable talents appear to have come from one brain, with only a transposition of descriptive.

Starting with an ovation on her first appearance until her final recall after repeated encores at the completion of her program, the audience demonstrated its love for this true exponent of the art of song, by wildest applause. Not since the time of Mme. Nordica's greatest triumphs has a New York audience revealed such intense love for an American singer. The clank of that great queen of songs sits well on the shoulders of this distinguished artist.

Ellmer Zoller, who for the last two seasons has been associated with Madame Stanley on her concert tours, was also for four seasons with Mme. Olive Fremstad. He is a musician of splendid attainments. A graduate of Leipzig Conservatory and Conservatory of Pittsburg, his native town. He has been associated with some of our leading soloists as artist, accompanist and soloist.

Mid-season tickets for the remaining three evening concerts may be ordered now by mail and the individual seat tickets may be ordered now. Sold at Ben Ali ticket office, beginning Friday, November 23. Prices 55c, 85c, \$1.10, \$1.55, \$2.20.

These concerts are under the auspices, the Lexington College of Music, Anna Chandler Goff, director.

Will Not be One Day Without PE-RU-NA

PE-RU-NA
This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 597 Doran St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay out a pillow. Six years ago, I tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. I have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I have lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried, PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous lining, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.
